

AN INVITATION TO YOU

Mission Central provides resources to help you become a mature missional disciple of Jesus.

There are stories, articles, events, recordings from missional experts and more — **most of it free.**

Consider giving generously so we can continue this work.

AN INVITATION TO CHURCHES

The local church gave us our mandate when we were Missions Fest Vancouver. Our partnering churches continue to be integral to the vision and mission of Mission Central. Our passion is to help every disciple fully enter into their missional identity and, in this way, live out the Great Commission.

Your church can help make a difference in the global missional landscape by becoming a **partner** or **supporting** church. Who knows, we may influence a world changer through our partnership!

For more information, contact: office@missioncentral.ca

PRAY WITH US

We believe there is power in a united community praying for the world. Please join us in praying for:

- An increased passion among all God's people for Christ's mission.
- The integration of discipleship and mission in every believer.
- A new generation of Christ followers who dedicate themselves to hearing and obeying Christ.
- Boldness for all of God's people to communicate the Gospel in all its fullness.

Inspiring Mission
Connecting Communities

Mission Central (formerly Missions Fest Vancouver) creates spaces for God's people to gain perspective on God's work globally and locally. Through our year-round resources and annual conference churches, organizations, and individuals share and grow their missional wisdom and imagination to further God's Kingdom.

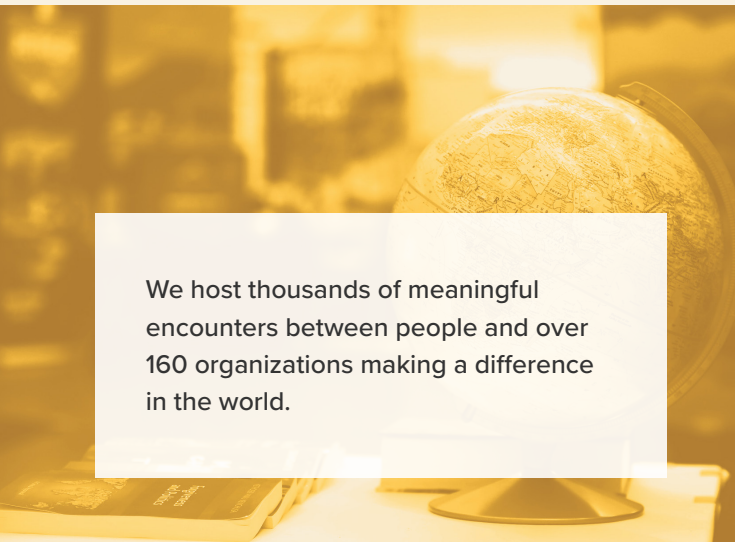

SERVE

January 29-31, 2021
Online Event

This stream of the Mission Central Conference is for everyone who loves Jesus and has thought, "I'll never be a missionary."

Come and experience the creative ways that the love of God is being expressed around the world. Grow your faith as you hear stories of the transforming power of Jesus. Be part of the larger Christian community as we intercede for fresh moves of the Spirit all over the earth.

We host thousands of meaningful encounters between people and over 160 organizations making a difference in the world.

GROW

February 12-13, 2021
Online Event

Jesus. Mission. Everyday

Grow self-awareness. Grow community. Grow your sense of purpose.

The Grow stream at the Mission Central Conference is not like most conferences. You will be challenged by leaders from around the globe; experts we can all learn from. Participants will be organized according to broad vocational communities. Senior mentors will then guide conversations tackling some of the biggest challenges around the integration of life and faith today. Our hope is that these conversations will continue through the year. Building momentum over time is a key to experiencing transformation in every sphere of society, so that the world knows Jesus' love.

CREATE

February 26-27, 2021
Online Event

Art tells the story of the human soul and connects us to our creative God.

Create is focused on nurturing and inspiring Christian artists, and building an artistic community. We believe that art influences culture. We also believe that Jesus influences the artist. When these two things intersect, they're transformative. If you are a Christian (artist or not) we'd invite you to explore how to live a life of holy creativity at Create.

What is Mission?

We define mission as a work of God through Christ. It is a work we are invited into; to redeem and reconcile all creation to God and bring flourishing, fullness and peace to the earth.
